SUMMARY

Motivated and dedicated Frontend Developer in training with practical hands-on experience building responsive and interactive web pages using HTML, CSS, JavaScript, and currently advancing in React through the FreeCodeCamp curriculum. Passionate about learning, problem-solving, and building real- world user-friendly web applications. Seeking an opportunity to grow.

CORE COMPETENCIES

- Responsive & Interactive UI Development
- React.js(Hooks,Components,Props,State) / Next.js (beginner-intermediate)
- Tailwind CSS & Modern Styling
- REST API Integration & Data Handling(E.g Axio,SWR,Fetch)
- Component-Based Architecture
- Version Control: Git & GitHub
- Debugging & Performance Optimization
- Cross-Functional Collaboration

TECHNICAL SKILLS

- Frontend: HTML5 • CSS3 • JavaScript (ES6+) • React • Next.js (learning) • Tailwind CSS • Vite
- Backend/Tools: Python • npm • MySQL • PostgreSQL • MongoDB

Others: DOM Manipulation • Responsive Web Design • Flexbox • CSS Grid • Media Queries • Selenium

WORK EXPERIENCE

Bincom Dev Center,Lagos (Python developer Trainee)   Jan 2023 - Present

Designed and implemented a web scraping solution to extract job listings data

from
LinkedIn, utilizing Selenium WebDriver
Engineered a data pipeline to process scraped job data and seamlessly store it

in a
PostgreSQL database, ensuring data integrity

ALX,Africa (Software Engineering Trainee)   Jul 2022 - Aug2023

Engaged in pair programming sessions to share knowledge, troubleshoot issues, and brainstorm creative solutions.
Leveraged version control tools such as Git and GitHub to manage codebase changes and
facilitate collaboration among team

EDUCATION

Bachelor of Technogy,Pure and Applied Mathematics

PROJECTS (PORTFOLIO)

Project : LINK

Github : LINK

Responsive Registration Form – React

- **Built a fully responsive and interactive application form using React and Tailwind CSS.**
- **Implemented controlled components, validation, and modular design.**
- **GitHub:** LINK
- **Project:** LINK

Login Form

- A modern React login/signup form with a toggle to switch modes, dynamic input fields, and gradient styling using Tailwind CSS.
- It includes form validation, a "Forgot password?" link, and smooth transitions for an interactive user experience.
- GitHub: LINK
- Project: LINK

Landing Page

- It showcases a modern, responsive design built with React and Tailwind CSS.
- It highlights key services, featured projects, and provides a smooth, user-friendly experience across all devices.

- GitHub: LINK
- Project: LINK

OTP Generator App

- Developed a React OTP Generator that produces 6-digit one-time passwords with an automatic expiration timer.
- Implemented state management and timer control using useState, useEffect, and useRef hooks to ensure responsive UI updates and proper resource cleanup.
- Features include OTP generation, countdown display, and automatic reset when expired.
- GitHub: LINK
- Project: LINK

CERTIFICATIONS

• RESPONSIVE WEB DESIGN CERTIFICATE (By FreecodeCamp)   LINK

 • Python Intermediate class (By Bincom Academy)   LINK

• DATA ANALYSIS AND VISUALIZATION(NITDA)   LINK

• JAVASCRIPT DEVELOPER CERTIFICATION(FREECODECAMP)   LINK

• SOFTWARE ENGINEERING CERTIFICATION(ALX AFRICA)   LINK

SOFT SKILLS

- Continuous Learner
- Critical Thinker & Problem Solver
- Team Player
- Adaptable & Organized
- Strong Communication Skills

CAREER OBJECTIVE

To secure an entry-level Frontend Developer role or internship where I can apply my skills in React, responsive UI development, and API integration, contribute meaningfully to team projects, and continue advancing my frontend engineering expertise.

HOBBIES & INTERESTS

Coding • Online Learning • Tech Communities • Problem Solving • Design & Creativity • Reading
